

## COUPLING BUSTA POWER UNIT

**CUSTOM**  
fluidpower

### SOLUTIONS

Custom Fluidpower's Coupling Busta Power Unit removes large couplings on drive shafts of gearboxes.

The unit is operator friendly and less labour intensive requiring no manual operation of a hand pump.

### FEATURES

- Quick release hydraulic couplings for easy connection
- Single phase or three phase power supply
- Individual controls & isolation for up to 4 connections
- Pressures to 1,700 bar
